

Neighborhood Diversity

Action Step

Continue to develop the leadership potential of the diverse individuals who participated in the workshops.

This is a mid- to long-term action step.

Immediate opportunity

FDC welcomes volunteers from the process to join their working groups: Economic Development and Community Revitalization; Housing and Immigration; Youth Services; and Neighborhood Associations. There are also opportunities to get involved in the community board and even to apply for community board membership (applications are generally collected in January: http://www.brooklyn-usa.org/pages/Community_Board/getinvolved.htm).

Ways to measure progress toward this goal

Track how well, over the course of time, community leadership in local organizations mirrors the demographic profile of Flatbush.
